OIE Collaborating Centres

OIE Collaborating Centres are centres of expertise in a specific designated sphere of competence related to the management of general questions on animal health issues (e.g., epidemiology, biosecurity, analysis etc.). In its designated specialty, they must provide their expertise internationally.

In 2017, the OIE has a global network of 59 Collaborating Centres covering 49 topics in 29 countries. In Asia Pacific region, 24 Collaborating Centres covering 11 topics are located in 6 countries.
